Go Paperless

With Access Online, you can securely access up to seven years of your account Statements, Trade Confirmations and Tax Documents/1099s - as soon as they are created.

Go paperless and turn off paper delivery of your account documents and shareholder communications:

- Log in to Access Online and select 'Delivery Preferences' under 'Statements & Documents'.
- Choose to turn off paper delivery of *all* documents for *all* of your accounts, or for only certain document types and accounts.
- Create a 4 digit Shareholder Communications PIN so that you can vote your proxy shares online.
- Select an email address from the drop down menu to which an email notification can be sent when a document is available to view online.
- Review the 'Disclosure Statement Regarding Electronic Delivery of Documents'. By accepting the disclosure statement, you will turn off paper delivery of your selected documents sent through the mail.
- To view your documents online, select a document type under 'Statements & Documents' on the Accounts & Services tab.

NOTE: If any of your shareholder communication materials are not available electronically, you will receive the standard printed materials in the mail with no announcement made by email.
